UPDATE ON THE STUDENT PASS RENEWAL UPON EXPIRY

Beginning **1st April 2023,** all international students with an expired student pass **will not be allowed to enter Malaysia using Social Visit Pass** and renew their student pass. These students will be required to apply a new application and obtain a new eVisa Approval Letter (EVAL) and enter Malaysia upon the approval.

Also, existing international students in Malaysia will not be allowed to renew their student pass once it has expired. Kindly note that the Malaysian Immigration Department may allow certain international students to renew their student pass if the current pass expiry has not lapsed more than **90 days**.

The decision is entirely under the discretion of the Malaysia Immigration Department.

We would like to remind all international students that the submission of application for the renewal of Student Pass or Dependent Pass must be **NOT LATER THAN THREE (3) MONTHS OR FORTEEN (14) WEEKS** from the expiry date.

Any late submission of the application may result in an overstay case which consequently requires enforcement by the Malaysian Immigration Department and deported to your Country.
